**Subject:** Protect our environment and our economy

Please consider that the living-wage jobs in our harbor are critical to our economy.

I support a thorough cleanup plan for the Willamette River but restoring the river to its original state is not realistic. That kind of cleanup would take forever and it would cost a ton. Make sure that we get a flexible cleanup plan that works.

I know that families that depend on the river will thank you for picking a plan that respects the jobs in the harbor.

Sincerely,  
Eric Murfitt
